SUBJECT INDEX*

A

Addison's disease in Negro child (White and Sutton), 778
Adrenal cortex, abnormalities in secretion of, during early life (Deamer and Silver), 490
  insufficiency in infancy: clinical classification, review, and case report (Geppert et al.), 1
Adrenocorticotropic hormone, effect of, in epilepsy (Klein and Livingston), 733
Allergy, some practical aspects of (Dees), 685
Ammonia dermatitis, treatment with Diaparene chloride ointment (Niedelman and Bleier), 762
Antibiotic therapy, role of laboratory in (Jawetz and Marshall), 545
Antibiotics and transfusions, effect of, upon duration of life in children with lymphogenous leucemia (Bierman et al.), 455
  nine, sensitivity of diphtheria bacilli and related organisms to (Jackson et al.), 718
Aorta, coarctation of, in children (Olney and Stephens), 639
  in early infancy (Calodney and Carson), 46
  surgical treatment of (Blattner), 427
Artery, pulmonary, atresia of, with intact interventricular septum (Glaboff et al.), 396
Ascorbic acid and Doca, combined, use of, in 12-year-old child with rheumatoid arthritis (Bergman and Kinberger), 774
Asthma, bronchial, treated by psychotherapy, clinic on (Brooke General Hospital), 793
Atresia of pulmonary artery with intact interventricular septum (Glaboff et al.), 396
Aureomycin in treatment of pertussis (Miller and Ross), 307
Auscultation, prenasal and preoral (Wilson), 759

B

Bacterial "dispensers" in streptococcal disease (Blattner), 938
BAL, treatment of acute thallotoxicosis with (Welty and Berrey), 756
Banana, dehydrated, in dietetic management of diarrheas of infancy (Fries et al.), 367
Behavior, psychotic, in child (Bridgman), 484
Body size norms for children 4 to 8 years of age (Meredith), 183
Book Reviews:
  Child development (Olson), 285
  Child growth and development (Hurlock), 285
  Communicable diseases (Pullen, ed.), 941
Book Reviews:—Cont'd
  1950 current therapy (Conn, ed.), 149
  Nursery school guide (Kellogg), 286
  Personality maladjustments and mental hygiene (Wallen), 431
  Radiographic atlas of skeletal development of the hand and wrist (Greulich and Pyle), 430
  Saw-Ge-Mah (medicine man) (Gariepy), 431
  Speech therapy for the physically handicapped (Hawk), 431
  Streptomycin and dehydrostreptomycin in tuberculosis (Riggins and Hinshaw, eds.), 286
  The envelope (Plant), 941
Brain tumors, supratentorial, in childhood, signs and symptoms of (Boldrey et al.), 463
Brudzinski and Kernig, signs of (Wartenberg), 679

C

Central nervous system, infections of, approach to diagnosis (Brainerd), 478
  infectious mononucleosis of, with bilateral papilledema (Piel et al.), 661
  inflammation of, or birth injury, cerebral palsy following either (status marmoratus) (Malamud), 610
Cerebral birth injury in retrospect (Belnap et al.), 326
  palsy, electroencephalography in (Aird and Cohen), 448
  following either birth injury or inflammation of central nervous system (status marmoratus) (Malamud), 610
Chloramphenicol (*see* Chloromycetin)
Chloromycetin, clinical trial with, in Shigella dysenteriae (sonne) (Mazursky), 238
  treatment of influenzal meningitis with (Carabelle et al.), 37
  pneumococcal meningitis with hyperglycemia and development of subdural effusion (Riley, Jr.), 909
  use of, in infections, nonbacterial (atypical undifferentiated respiratory infections) (Cohen and Schwartz), 23
Choledochus cyst, congenital (Gilliland et al.), 387
Cleft palate management, changing philosophies in (Graber), 400
Clinical Conferences:
  Child Guidance Clinic, Brooke General Hospital, Fort Sam Houston, Texas: clinic on ulcerative colitis, 785; bronchial asthma treated by psychotherapy, 793
Clinical entity, two diagrams on (Guttentag), 530

*July, pp. 1-152; August, pp. 153-290; September, pp. 291-434; October, pp. 435-684; November, pp. 685-818; December, pp. 819-944.

Coarctation of aorta in children (Olney and Stephens), 639
in early infancy (Calodney and Carson), 46
surgical treatment of (Blattner), 427
Colic in infancy, treatment of, by use of pacifier (Levine and Bell), 750
Colitis, ulcerative, clinic on (Brooke General Hospital), 785
Comments on Current Literature:
bacterial "dispensers" in streptococcal disease, 938
nitrogen mustard as therapeutic agent, 144
parotid tumors of children, 281
surgical treatment of coarctation of aorta, 427
torula meningoencephalitis, 807
Congenital heart diseases:
atresia of pulmonary artery with intact interventricular septum (Glaboff et al.), 396
high ventricular septal defect and slight dextroposition of aorta (Eisenmenger complex) associated with deformed aortic valve simulating patent ductus arteriosus (Ash and Murphy), 249
Conjunctivitis, oculoglandular, due to leptothrix (Henry), 535
Convulsive attacks, imitative, voluntary, observed in convulsive clinic (Schade), 666
Correspondence (Tallerman), 810
Counselling service for parents of young children (Lichtenberg and Wolfe), 799
Cyst, choledochus, congenital (Gilliland et al.), 387
Cystic fibrosis of pancreas, incomplete pancreatic deficiency in (Gibbs et al.), 320

D

DDT, purpura following exposure to (Karpinski, Jr.), 373
Development and growth of Negro infants during first year of life as observed in private pediatric practice (Scott et al.), 885
Diabetes mellitus in infants and children, information for parents (Hartmann and Bryan), Aug. Supp. *1-14*
Diagrams, two, on clinical entity (Guttentag), 530
Diaparene chloride ointment, treatment of ammonia dermatitis with (Niedelman and Bleier), 762
Diaper rash, treatment of, with alkyl-dimethyl-benzyl ammonium chlorides (Roccal) (Pfeffer, Jr., and Smith), 351
Diarrheas of infancy, dehydrated banana in dietetic management of (Fries et al.), 367
Dietetic management, dehydrated banana in, of diarrheas of infancy (Fries et al.), 367
Diphtheria and tetanus toxoids (alum precipitated) combined with pertussis vaccine, improved preparation of, measure of immunologic responses to (Tyson et al.), 357
Diphtheria—Cont'd
bacilli and related organisms, sensitivity of, to nine antibiotics (Jackson et al.), 718
pertussis, and tetanus, combined immunization of tuberculous children against (Weichsel and Hodes), 201
Dislocations, congenital, multiple, associated with characteristic facial abnormality (Larsen et al.), 574
Doca and ascorbic acid, combined, use of, in 12-year-old child with rheumatoid arthritis (Bergman and Kinberger), 774
Drawing tests for children, three, diagnostic value of (Silver), 129
Duodenal ulcer, bleeding, in infancy: surgical problem (Plummer and Stabins), 899

E

Editor's Column:
antihistaminic drugs and common cold, 287
examinations, 150
Langley Porter number, 434
supplement on diabetes, 290
toxicity of vitamin A, 942
trainable mental defectives: comment on prognosis, 816
when polio breaks out in a camp or school, 432
Eisenmenger complex, associated with deformed aortic valve simulating patent ductus arteriosus (Ash and Murphy), 249
Electrocardiogram, variability of, in congenital tricuspid atresia (Kroop and Grishman), 231
Electroencephalographic diagnosis in children, use of sedative-induced sleep as aid to (Kellaway), 862
Electroencephalography in cerebral palsy (Aird and Cohen), 448
Emphysema, subcutaneous, pneumomediastinum, and pneumothorax lenta in newborn infant, fatal case of (Ripp), 917
Encephalitis, postvaccinal, in infancy (Lawler), 709
Epilepsy, effect of adrenocorticotropic hormone in (Klein and Livingston), 733
Epinephrine administration, glycemic response of newborn infant to (Desmond et al.), 341
Exanthema subitum (roseola infantum), studies on etiology of (Kempe et al.), 561

F

Feeble-mindedness and pseudofeeble-mindedness (Bakwin), 271
Feeding of premature infants (Abelson), 711
Fibrosis, cystic, of pancreas, pathologic lesions in (Bostick and Rinehart), 469
Funnel chest: its cause, effects, and treatment (Lester), 224

G

Gastric ulcer, perforated, in newborn infant (Wright and Scott), 905
Gastrointestinal obstruction, high, in newborn infant: radiological interpretation (Dannenberg et al.), 380
Genitals, external, congenital absence of (persistent primitive cloaca) (Kirshbaum), 102
Globulin, gamma, "symptomatic treatment," and penicillin, in treatment of scarlet fever, comparison of (Weinstein and Potsubay), 291
Gonorrheal ophthalmia neonatorum, sodium sulfacetimide for prophylaxis of (Bickel), 854
Growth and development of Negro infants during first year of life as observed in private pediatric practice (Scott et al.), 885

H

Heart murmurs, congenital, clinical diagnosis of, by means of symballophone (Kerr), 569
Hemangioma of pons, spontaneous hemorrhage from (Grotts), 98
Hemolytic disease of newborn infant (Lindsay), 582
  further observations on antepartum prediction of (Page et al.), 656
Hemorrhage, spontaneous, from hemangioma of pons (Grotts), 98
Hyaluronidase, relation of, to salicylates and rheumatic fever (Jaworski et al.), 697
Hydrocephalus, treatment of, by ventriculomastoidostomy (Nosik), 190

I

Immunization, combined, of tuberculous children against diphtheria, pertussis, and tetanus (Weichsel and Hodes), 201
Immunologic responses to improved preparation of diphtheria and tetanus toxoids (alum precipitated) combined with pertussis vaccine, measure of (Tyson et al.), 357
Infancy, adrenal insufficiency in: clinical classification, review, and case report (Geppert et al.), 1
  bleeding duodenal ulcer in: surgical problem (Plummer and Stabins), 899
  coarctation of aorta in (Calodney and Carson), 46
  diarrheas of, dehydrated banana in dietetic management of (Fries et al.), 367
  postvaccinal encephalitis in (Lawler), 709
  treatment of colic in, by use of pacifier (Levine and Bell), 750
  virus hepatitis in (Traisman et al.), 174
Infant and maternal mortality in San Francisco (Geiger), 517
Infants and children, diabetes mellitus in, information for parents (Hartmann and Bryan), Aug. Supp. *1-14*
Infants and Children—Cont'd
  intussusception in (Ravitch and McCune, Jr.), 153
Infection, reservoirs of (Meyer), 626
Infections, nonbacterial (atypical undifferentiated respiratory), use of Chloromycetin in (Cohen and Schwartz), 23
  of central nervous system, approach to diagnosis (Brainerd), 478
Infectious mononucleosis of central nervous system with bilateral papilledema (Piel et al.), 661
Interdependence, increasing, of obstetrician and pediatrician (Overstreet), 649
Intestinal obstruction, multiple, in newborn infant with recovery (Matheson), 106
Intussusception in infants and children (Ravitch and McCune, Jr.), 153

K

Kernig and Brudzinski, signs of (Wartenberg), 679

L

Laboratory, role of, in antibiotic therapy (Jawetz and Marshall), 545
Langley Porter Birthday Number, 435-684 (Oct.)
Leptothrix, oculoglandular conjunctivitis due to (Henry), 535
Leucemia, lymphogenous, children with, duration of life in, effect of transfusions and antibiotics upon (Bierman et al.), 455
Leucemic children, skeletal lesions of, treated with Aminopterin (Karpinski, Jr., and Martin), 208
Loeffler's syndrome (Nemir et al.) 819

M

Medical Progress:
  changing philosophies in cleft palate management (Graber), 400
  newer knowledge on pathogenesis of poliomyelitis (Jungeblut), 109
  some recent advances in poliomyelitis (Ward), 263
  vitamin requirements in adolescence (Waisman et al.), 922
Meningitis, influenzal, treated with Chloromycetin (Carabelle et al.), 37
  treated with polymyxin B (aerosporin), case report (Brakeley), 42
  pneumococcal, with hyperglycemia and development of subdural effusion, successful treatment with chloramphenicol (Riley, Jr.), 909
Mortality, infant and maternal, in San Francisco (Geiger), 517
  premature (Brockway et al.), 362

N

Neo-Synephrine, use of, in paroxysmal supraventricular tachycardia (Cunningham and Schnitzker), 727

Newborn infant, arterial thrombosis in (Perlmutter and Wagner), 259
congenital thrombocytopenic purpura of (Litchfield et al.), 94
glycemic response of, to epinephrine administration (Desmond et al.), 341
hemolytic disease of (Lindsay), 582
further observations on antepartum prediction of (Page et al.), 656
high gastrointestinal obstruction in, radiological interpretation (Dannenberg et al.), 380
multiple intestinal obstruction in, with recovery (Matheson), 106
perforated gastric ulcer in (Wright and Scott), 905
pneumomediastinum, subcutaneous emphysema, and pneumothorax lenta in, fatal case of (Ripp), 917
prothrombin in (Kove and Benton), 78, 90
resuscitation of, use of positive pressure oxygen-air lock (Bloxsom), 311
with Wolff-Parkinson-White syndrome, fatal paroxysmal tachycardia in (Silverman and Werner), 765
News and notes, 148, 285, 429, 812, 940
Nitrogen mustard as therapeutic agent (Blattner), 144
Nutrition, significance of, as ecologic factor in prevention of disease (Lucia and Simmonds), 604

O

Obstetrician and pediatrician, increasing interdependence of (Overstreet), 649
Ophthalmia neonatorum, gonorrheal, sodium sulfacetimide for prophylaxis of (Bickel), 854
Orthodontist and pediatrician, some problems common to (Weber), 878
Orthopedic treatment of pigeon-toed child (Scott and Hutter), 243

P

Pancreas, cystic fibrosis of, incomplete pancreatic deficiency in (Gibbs et al.), 320
pathologic lesions in (Bostick and Rinehart), 469
Parotid tumors of children (Blattner), 281
Past presidents of pediatric societies in the United States, 283
Pediatrician and obstetrician, increasing interdependence of (Overstreet), 649
and orthodontist, some problems common to (Weber), 878
Penicillin G, treatment of scarlet fever with, administered orally three times a day (Weinstein and Perrin), 844
oral, in prophylaxis of recurrent rheumatic fever (Maliner), 858
"symptomatic treatment," and gamma globulin, in treatment of scarlet fever, comparison of (Weinstein and Potsubay), 291
Pertussis, aureomycin in treatment of (Miller and Ross), 307
diphtheria, and tetanus, combined immunization of tuberculous children against (Weichsel and Hodes), 201
vaccine and diphtheria and tetanus toxoids (alum precipitated), improved preparation of, measure of immunologic responses to (Tyson et al.), 357
Pigeon-toed child, orthopedic treatment of (Scott and Hutter), 243
Pneumomediastinum, subcutaneous emphysema, and pneumothorax lenta in newborn infant, fatal case of (Ripp), 917
Pneumothorax lenta, pneumomediastinum, and subcutaneous emphysema in newborn infant, fatal case of (Ripp), 917
Poliomyelitis, acute, incidence of normal spinal fluid in (Nicholls), 894
pathogenesis of, newer knowledge on (Jungeblut), 109
some recent advances in (Ward), 263
Polymyxin B (aerosporin), treatment of influenzal meningitis with, case report (Brakeley), 42
Porter, Langley, Birthday Number, 435-684 (Oct.)
Premature infants, feeding of (Abelson), 711
mortality (Brockway et al.), 362
Prematurity, obstetrical significance of (Morton), 632
Prenasal and preoral auscultation (Wilson), 759
Presidents, past, of pediatric societies in United States, 283
Prevention of disease, significance of nutrition as ecologic factor in (Lucia and Simmonds), 604
Prothrombin in newborn infant, comparative effect of storage on prothrombin of newborn infant and normal adult (Kove and Benton), 78
effect of sulfadiazine on (Kove and Benton), 90
Pseudofeeble-mindedness and feeble-mindedness (Bakwin), 271
Pseudohypertrophic muscular dystrophy, progressive, testosterone in (Perlstein and Gutterman), 743
Psychologic Aspects of Pediatrics:
child with tuberculosis (Bakwin), 936
childhood schizophrenia (Bakwin), 416
counselling service for parents of young children (Lichtenberg and Wolfe), 799
diagnostic value of three drawing tests for children (Silver), 129
feeble-mindedness and pseudofeeble-mindedness (Bakwin), 271
Psychotherapy, bronchial asthma treated by, clinic on (Brooke General Hospital), 793
with children, problems around (Szurek), 671

Psychotic behavior in child (Bridgman), 484
Purpura following exposure to DDT (Karpinski, Jr.), 373
thrombocytopenic, congenital, of newborn infant (Litchfield et al.), 94
Pyloric stenosis, hypertrophic, congenital (Grimes et al.), 522

R

Resuscitation of newborn infant, use of positive pressure oxygen-air lock (Bloxsom), 307
Rheumatic fever and salicylates, relation of hyaluronidase to (Jaworski et al.), 697
recurrent, oral penicillin in prophylaxis of (Maliner), 858
Rheumatoid arthritis, 12-year-old child with, use of combined Doca and ascorbic acid in (Bergman and Kinberger), 774
Rh-negative infants born to sensitized Rh-negative women, study of occurrence of (Lucia and Hunt), 599
Roccal, treatment of diaper rash with (Pfeffer, Jr., and Smith), 351

S

Salicylates and rheumatic fever, relation of hyaluronidase to (Jaworski et al.), 697
Scarlet fever, comparison of "symptomatic treatment," gamma globulin, and penicillin in treatment of (Weinstein and Potsubay), 291
treatment of, with penicillin G administered orally three times a day (Weinstein and Perrin), 844
Schick test, borderline (Marshall), 620
Schizophrenia, childhood (Bakwin), 416
Sedative-induced sleep as aid to electroencephalographic diagnosis in children (Kellaway), 862
Sensitivity of diphtheria bacilli and related organisms to nine antibiotics (Jackson et al.), 718
Shigella dysenteriae (sonne), clinical trial with Chloromycetin in (Mazursky), 238
Skeletal lesions of leucemic children treated with Aminopterin (Karpinski, Jr., and Martin), 208
Sodium sulfacetimide for prophylaxis of gonorrheal ophthalmia neonatorum (Bickel), 854
Spinal fluid, normal, incidence of, in acute poliomyelitis (Nicholls), 894
Status marmoratus, form of cerebral palsy following either birth injury or inflammation of central nervous system (Malamud), 610
Sulfacetimide, sodium, for prophylaxis of gonorrheal ophthalmia neonatorum (Bickel), 854
Sulfadiazine, effect of, on prothrombin of newborn infant (Kove and Benton), 90
Surgical treatment of coarctation of aorta (Blattner), 427
Symballophone, clinical diagnosis of congenital heart murmurs by means of (Kerr), 569

T

Tachycardia, paroxysmal, fatal, in newborn infant with Wolff-Parkinson-White syndrome (Silverman and Werner), 765
supraventricular, paroxysmal, use of Neo-Synephrine in (Cunningham and Schnitzker), 727
Testosterone in progressive pseudohypertrophic muscular dystrophy (Perlstein and Gutterman), 743
Tetanus and diphtheria toxoids (alum precipitated) combined with pertussis vaccine, improved preparation of, measure of immunologic responses to (Tyson et al.), 357
diphtheria, and pertussis, combined immunization of tuberculous children against (Weichsel and Hodes), 201
Thallotoxicosis, acute, treated with BAL (Welty and Berrey), 756
Thrombosis, arterial, in newborn infant (Perlmutter and Wagner), 259
Thumb-sucking, note on psychological implications of (Kaplan), 555
Torula meningoencephalitis (Blattner), 807
Transfusions and antibiotics, effect of, upon duration of life in children with lymphogenous leucemia (Bierman et al.), 455
Transposition of viscera in siblings (Leininger and Gibson), 195
Trichobezoar in 4-year-old child (Sawyer et al.), 393
Tricuspid atresia, congenital, variability of electrocardiogram in (Kroop and Grishman), 231
Tuberculosis, child with (Bakwin), 936
Tuberculous children, combined immunization of, against diphtheria, pertussis, and tetanus (Weichsel and Hodes), 201
Tumors, brain, supratentorial, in childhood, signs and symptoms of (Boldrey et al.), 463
parotid, of children (Blattner), 281

U

Ulcer, duodenal, bleeding, in infancy: surgical problem (Plummer and Stabins), 899
gastric, perforated, in newborn infant (Wright and Scott), 905

V

Ventriculomastoidostomy, treatment of hydrocephalus by (Nosik), 190
Virus hepatitis in infancy (Traisman et al.), 174
Viscera, transposition of, in siblings (Leininger and Gibson), 195
Vitamin requirements in adolescence (Waisman et al.), 922
